

Electricity Price Comparison Table

See all available electricity tariffs in Northern Ireland and see if you could save by switching supplier, tariff or billing method.

Our tables compare all electricity tariffs available in Northern Ireland, and they are correct on the day of comparison. Tariffs will be updated on the date when the new increase or decrease comes into effect, not when announced.

If you want advice on tariff comparisons before the date the increase or decrease comes into effect, you can call us on Freephone 0800 121 6022 and a member of our team will be happy to help.

This table is a guide using the latest tariffs provided by electricity suppliers. The amount you pay per unit should be on your most recent bill or you can get this information from your current supplier. You should contact your preferred supplier to obtain more information about their tariffs, discounts and terms and conditions

Prices for 21/05/2024 including VAT of 5%. Some tariffs may be available to new customers only. (Annual cost is calculated using a typical annual consumption of 3,200kWh and is based on unit rate and standing charge where applicable including VAT at 5%)
